Hidden Talent Art

Hidden Talent Art teaches the seven elements of art and focuses on realism. We introduce high-quality, college-level fine art media to the elementary school level. Students will gain observation skills and fine art vocabulary while exploring their creative side. Each session contains fresh challenges where both new and returning students will learn techniques in drawing, painting, sculpting, and mixed media.

CHESS CLUB

Yes for Chess

Yes for Chess is an interactive after school program that is both educational and fun! Students will learn how to succeed in chess – and beyond! Fees include a student workbook, instruction, organized play, and prizes!

TENNIS CLUB

Tennis

Students will learn to play tennis in a positive, social, and fun setting. This club offers quality training that will improve strokes, hand-eye coordination, physical fitness, concentration, sportsmanship, agility, and self-esteem! All equipment is included. Space is limited, so sign up early!

Self-Defense

This class will help students with balance, coordination, focus, discipline and respect. In this 8 week class each student will be taught basic stances, blocks, kicks, punches and other self-defense techniques that will help them stay safe. In this fun and safe environment we will also help the students with awareness of their surroundings, and how to react in a potentially dangerous situation.
