More options than ever before.

Our summer camp programs provide children opportunities to explore, discover, make new friends and learn new skills. It all starts with our outstanding counselors, whose talent, creativity and leadership set the tone for an unforgettable experience. They encourage our campers to reach for new heights and expand their horizons and interests. This year, we are offering our families more options than ever before!

Academic Camps

Academic camps are a wonderful way to enhance your child's love of learning while focusing on core academic skills in reading, writing, mathematics, and critical thinking. Campers work independently and in small groups to apply real-life experiences to lessons learned in the classroom.

Day Camps

Each week, students in kindergarten through 5th grade jump into action as they explore science and nature, become involved in creative and performing arts, and participate in sports and games. Our activity blocks give campers fun and variety in their camp day.

Sports Camps

Our rigorous sports camp promotes skill building, exposes children to new activities and helps build healthy exercise habits. We bring sports specialists from around the area to help each camper improve, practice and play each sport.

Academic Camps

Keep learning while having fun.

Preschool (ages 2½ - 4)

Weekly themes come to life as our youngest campers learn, explore, and engage in imaginative camp-style activities that promote STEAM (Science, Technology, Engineering, Art, and Math) learning. We combine inquiry-based instruction with learning-enriched activities that promote foundational phonics, literacy, math, fine and gross motor skills, music, and socialization skills. Campers have the option of attending morning (8:30 am – 11:30 am) or full-day (8:30 am – 3:30 pm) camp programs.

Summer Camp
Experience!**

Summer Day Camp

Every day is an adventure.

Each week, students in kindergarten through 5th grade jump into action as they explore science and nature, become involved in creative and performing arts, and participate in sports and games. Our activity blocks give campers fun and variety in their camp day with activities in Art, Science, Games, Teamwork, and more! Note: this camp is bundled for three week sessions due to requirements from Health Officials to provide stable cohorts for three weeks.

Activity Blocks

Artist Studio

Art is more than just painting and drawings. Campers stay inspired by using different mediums all summer long.

Cartoon Nation

Campers explore the exciting world of cartoons and comics while learning about the history of some of their favorites and illustrating their own.

Digital Vision

Campers explore the tools necessary to capture great images and videos, and refine them through digital imaging.

Kids Helping Kids

Our campers pay it forward as they help kids in need by planning a community service event from brainstorm to implementation.

Food Boss

Whether dreaming up their own food truck, decorating like a cake boss or simply making a yummy summer treat, the food possibilities are endless.

Color Wars

Our daily pep rally is a time for campers to gather for songs, chants and challenges that promote collaboration.

Minute to Win It

Campers work together to complete fun and sometimes silly tasks all before the time runs out. Ready, set, go!

Sports Lab

We hope our campers are ready for some good old-fashioned fun as they build skills in a variety of indoor and outdoor games.

Mysterious Magic

Children are immersed into the world of magic and mystery. They learn about famous magicians and the secrets behind the magic, and even perform in their own magic show.

Campers Got Talent

Juggling? Hula-hooping? Let your hidden talents shine! Campers develop creativity and confidence through singing, dancing, acting and more.

STEAM Academy

As campers work together on challenging and fun projects, they solve problems, make decisions, and develop a love of science, technology, engineering, art and math.

Science Discovery

Using investigative skills, campers develop hypotheses and draw conclusions while conducting indoor and outdoor science experiments.
