Fall 2023

A Place to Grow:

Where learning continues beyond the school day

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

Extended Day

Our Extended Day program allows busy working families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

Program Details:

- Hours: 7 am – 8:30 am and 3:30 pm to 6:00 pm
- Dedicated and specially trained staff members with experience in working with students.

Clubs & Enrichment

Our Clubs and Enrichment Programs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained staff members in specialty area.

Extended Day

Extended Day

Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

Clubs & Enrichment

Mad Science

Kids will unbox the surprising world of science as they discover a new STEM topic in each class! In this program, kids learn about several specialized areas of science, including forensics, geology, meteorology, entomology, and mechanical engineering. They gain foundational science knowledge that will help them in their future science endeavors.

Bollywood Dance

Bollywood Dance is an extremely popular, colorful, and energetic dance style combining various Indian and Western dance forms inspired by the "Bollywood" Indian film industry. A typical Bollywood dance class combines the following styles: Indian film moves that are lyrical and expression-based, traditional energetic folk like Bhangra and Garba dance steps, and popular fusion style mixing the western dance styles like jazz, hip-hop, salsa, etc. Learn super-cool moves that comprise hand gestures, footwork, and expressions that are unique to Indian dancing. No prior experience necessary. Everyone is welcome.

Grades: TK - 5G

Weeks Offered & Time: 8 weeks, Tuesdays

3:45 - 4:45 pm

Cost: \$224

Instructor: Sun Bollywood

Art Fundamentals 1

If your child is interested in realistic drawing, painting, and sculpting from life and imagination, then this is the class for them. **Each lesson covers an important art concept**, needed for fluent representational drawing and painting. Tennis

Kassirer Tennis was created by Laura Kassirer, a former Wimbledon player, so students can have fun learning a sport they can play for a lifetime conveniently at school with their classmates. Coaches set up portable tennis nets on your blacktop to make kid sized courts and provide little racquets & starter balls! Students will learn professional quality fundamentals; play fun group games, improve fitness, hand-eye and agility and start to rally. We group the class by grade and teach to your child's level and abilities. Our coaches emphasize sportsmanship, socialization and fun while instilling that every child can succeed through persistence and practice. Just wear athletic shoes and attire to class and our coaches will provide the rest.

Grades: TK - 5G

Weeks Offered & Time: 10 weeks, Mondays

3:45 - 4:45 pm

Cost: \$250

Instructor: Kassirer Entertainment

Basketball

Coaches provide kid-sized lighter Basketballs! We group by grade and teach to your child's abilities. Students will learn professional quality fundamentals; defensive and offensive tactics, play fun games and scrimmage weekly. Our coaches emphasize sportsmanship, communication, technique and teamwork while instilling that every child can succeed through persistence and practice. Our coaches also make sure your kids are socializing and having fun! Just wear athletic shoes and attire to class and our coaches will provide the rest.

Grades: 1G - 5G

Build your Own App

Have you ever wanted to make your own websites and apps? In this hands-on coding and tech club, you'll learn the skills of a coder and the mindset of an entrepreneur through building apps - your own app and also an app for local nonprofits. You'll build apps and games every week in the course and work on real web apps. Previous students have been covered in multiple local news outlets for apps they've built for homeless shelters, veterinarians, and local climate nonprofits!

Grades: 3G, 4G, & 5G

**Weeks Offered & Time: 10 weeks, Wednesdays
3:45 - 4:45 pm**

Cost: \$270

Instructor: VAC Enrichment

Game Design

Ever wanted to build your own games or apps? Love Roblox or Minecraft? Well, this is the class for you! In this course, students will learn the skills of a coder through conceiving, designing, and creating their own mobile app games. The resulting games can be shared online and texted to friends for them to play on their phones. It's a great way to combine learning with fun with becoming a game developer. You don't need any previous experience or special software to take this: all you need is your creativity and a laptop.

Grades: 1G, 2G, & 3G

**Weeks Offered & Time: 10 weeks, Mondays
3:45 - 4:45 pm**

Cost: \$270

Instructor: VAC Enrichment

AI for Kids

Do you have a kid who is creative or interested in technology? Have you ever wanted to know about/know how to use AI? Well, you're in luck, because this is the class for you! We're now in a world where even very young students can use free-online AI tools to generate essays, stories, and even music, television or games. In this new world, kids can cultivate their own creativity at young ages by doing projects like creating AI symphonies, working with partners and AI to create animated books, and generating AI animations. Along the way, they'll gain access to a suite of tools that can help with homework in the future, build familiarity with the new AI world we're moving into, and — importantly — understand when and when not to use this powerful new tool.

Grades: 1G, 2G, & 3G

**Weeks Offered & Time: 10 weeks, Thursdays
3:45 - 4:45 pm**

Cost: \$270

Instructor: VAC Enrichment
