Fall 2023

Extended Day

A Place to Grow:

Where learning continues beyond the school day

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

Extended Day

Our Extended Day program allows busy working families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

Program Details:

- Hours: 7:00 am – 6:00 pm
- Dedicated and specially trained staff members with experience in working with older children.

Clubs & Enrichment

Our Clubs and Enrichment Programs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained staff members in specialty area.

Clubs & Enrichment

Yes for Chess

The Yes For Chess class teaches creative problem solving, builds confidence and captures an appreciation of the game. Each week our instructor leads an interactive lesson, and students play 1-2 fun chess games against their classmates.

To get the most out of this class, its recommended students know movement of the pieces

Grades: 1G-5G

Day Offered & Time: Wednesday 3:30-4:30

Start Date and End Date: 09/20-11/29

Cost: \$250.00

Instructor: Yes for Chess

Mad Science

Explore aerodynamics and the properties of air! Race down the electron freeway as we study “current” events! Check out the ooey-gooey science of Mad Mud! Learn about the incredible “Fun”-damental Forces as we study gravity, inertia and centripetal force! All this and more!

Grades: 1G-5G

Day Offered & Time: Friday: 3:30-4:30

Start Date and End Date: 09/22-12/15

Cost: \$300.00

Instructor: Mad Science of the Bay Area

Art Fundamentals

If your child is interested in realistic drawing, painting, and sculpting from life and imagination, then this is the class for them. Each lesson covers an important art concept, needed for fluent representational drawing and painting. Students get to create their original artworks from scratch within the guidelines of the topic. They learn to draw human faces, figures, animals, nature; use watercolor, acrylics, pencils, and clay.

Grades: KG-2G

Day Offered & Time: Wednesday 3:30-4:30

Start Date and End Date: 09/20-11/29

Cost: \$360.00

Instructor: Art School of SF Bay

Comic and Manga

Our Manga / Comic course is an intro to simplified human anatomy, gesture, perspective, shading, and composition. It's the easiest way to become fluent in drawing figures from imagination and learn to lead the work from raw sketches to a finished graphic novel.

Grades: 3G-5G

Day Offered & Time: Thursday 3:30-4:30

Start Date and End Date: 09/21-11/30

Cost: \$360.00

Instructor: Art School of SF Bay

Sports

Pickleball

Kassirer Pickleball was created by Laura Kassirer, a former Wimbledon player, so students can have fun learning a sport they can play for a lifetime conveniently at school with their classmates. Coaches set up portable nets on your blacktop to create Pickleball courts. Pickleball is a cross between ping pong, badminton and tennis and is a sport the whole family can play together. It is fun and easy to learn, and also helps develop the skills needed to learn tennis. Pickleball is a social, fun, sport that allows kids to quickly start rallying, serving and playing games on a court which is 1/4 the size of a tennis court. Kids will improve their hand-eye coordination, reaction, fitness and movement. We provide loaner Engage Pickleball paddles during class. Just wear athletic shoes and attire and our coaches will provide the rest!

Grades: KG-5G

Day Offered & Time: Tuesday 3:30-4:30

Start Date and End Date: 09/19-11/28

Cost: \$250.00

Instructor: Kassirer Entertainment

Soccer KG – 1G

The goal of the program at this stage is to improve children's elementary capacity through fun games, technical skill development, and group activities. The primary focus is to increase familiarity of space to enable children to develop team skills in a game environment. Emphasis is placed on the awareness of teammates constantly so that these skills can be easily transferred into the soccer game. Every 5-7 Soccer Stars class includes ball activities with high repetitions to promote muscle memory that builds confidence and ball control skills.

Grades: KG-1G

Day Offered & Time: Tuesday 3:00-4:15

Start Date and End Date: 09/19-11/28

Cost: \$300.00

Instructor: Super Soccer Stars SF

Tennis

Kassirer Tennis was created by Laura Kassirer, a former Wimbledon player, so students can have fun learning a sport they can play for a lifetime conveniently at school with their classmates. Coaches set up portable tennis nets on your blacktop to make kid sized courts and provide little racquets & starter balls! Students will learn professional quality fundamentals; play fun group games, improve fitness, hand-eye and agility and start to rally. We group the class by grade and teach to your child's level and abilities. Our coaches emphasize sportsmanship, socialization and fun while instilling that every child can succeed through persistence and practice. Just wear athletic shoes and attire to class and our coaches will provide the rest.

Grades: KG-5G

Day Offered & Time: Friday 3:30-4:30

Start Date and End Date: 09/22-12/15

Cost: \$250.00

Instructor: Kassirer Entertainment

Basketball

Kassirer Basketball was created by, a former pro athlete, so students can have fun learning a sport they can play for a lifetime conveniently at school with their classmates. Coaches provide kid-sized lighter Basketballs! We group by grade and teach to your child's abilities. Students will learn professional quality fundamentals; defensive and offensive tactics, play fun games and scrimmage weekly. Our coaches emphasize sportsmanship, communication, technique and teamwork while instilling that every child can succeed through persistence and practice. Our coaches also make sure your kids are socializing and having fun! Just wear athletic shoes and attire to class and our coaches will provide the rest.

Grades: 1G-5G

Weeks Offered & Time: Monday 3:30-4:30

Start Date and End Date: 09/18-11/27

Cost: \$250.00

Instructor: Kassirer Entertainment

Game Design

Ever wanted to build your own games or apps? Love Roblox or Minecraft? Well, this is the class for you! In this course, students will learn the skills of a coder through conceiving, designing, and creating their own mobile app games. The resulting games can be shared online and texted to friends for them to play on their phones. It's a great way to combine learning with fun with becoming a game developer. You don't need any previous experience or special software to take this: all you need is your creativity and a laptop.

Grades: 2G-5G

Day Offered & Time: Tuesday 3:30-4:30

Start Date and End Date: 09/26-12/05

Cost: \$270.00

Instructor: VAC Enrichment

Build Your Own App

AI For Kids

Do you have a kid who is creative or interested in technology? Have you ever wanted to know about/know how to use AI? Well, you're in luck, because this is the class for you! We're now in a world where even very young students can use free-online AI tools to generate essays, stories, and even music, television or games. In this new world, kids can cultivate their own creativity at young ages by doing projects like creating AI symphonies, working with partners and AI to create animated books, and generating AI animations. Along the way, they'll gain access to a suite of tools that can help with homework in the future, build familiarity with the new AI world we're moving into, and — importantly — understand when and when not to use this powerful new tool.

Grades: 1G-3G

Day Offered & Time: Thursday 3:30-4:30

Start Date and End Date: 09/28-12/07

Cost: \$270.00

Instructor: VAC Enrichment

Dash and Dot Programming

Dash and Dot are robots that can sense, act and think! Students use block coding to control their robots, use accessories to make robot draw, play music, play games. In our class students will be introduced to Dash and Dot, learn how to make them move, change 'face' expression, show feelings using colors, play music, play Basketball, bowling game and many more. Along with robotics part we will discuss concepts such as sequencing, algorithm, design thinking process. We will talk and experiment with nature of sound, dependencies between time, speed and distance and many more. Most the class time kids spend working with robots on missions, puzzles, challenges, and projects. Each kid has robotics kit and tablet to use for the duration of the session. While playing with robots, kids are practicing very important skills of logical and critical thinking, communication and collaboration with each, working in teams other and many more.

Grades: KG-2G

Day Offered & Time: Thursday 3:30-4:30

Start Date and End Date: 09/21-11/30

Cost: \$250.00

Instructor: Robotics Tech Club

Lego Mindstorm Robotics

We teach students to build and program robots using Lego Mindstorms. LEGO MINDSTORMS lets you unleash a world of walking, talking, and thinking robots where designs are the only limit to with their imagination. Students will build from instruction manuals and to also build their own designs. We will start with building a Rover Car to learn the basics of assembling, coding, investigating, testing, and troubleshooting. Then we will add sensors – color, touch, ultrasonic. Our robots will move, talk, play music, dance, you name it. We will build Plot Bot that can draw; will work on Robot wave project, and many more.

Grades: 3G-5G

Day Offered & Time: Thursday 3:30-4:30

Start Date and End Date: 09/21-11/30

Cost: \$250.00

Instructor: Robotics Tech Club

Cooking Around the World

Do you love to cook? Want to know more recipes? In this unique cooking camp for young kids, students will learn all about kids food from around the world in the course of a few days: how to make it, how to make it safely, and how to make it well! You'll learn about food safety, meet new friends, and cook some (oven-less) recipes from different countries.

Please note that this is a simple, microwave camp for younger students. Recipes include: Italian Lasagna, Fufu (Ghanaian Dumplings), Japanese Rice Ball Sandwiches (eg Nigiri), Mexican Quesadilla, American Mug Cake, Chinese Chaofan, French Fondue.

Grades:KG-2G

Day Offered & Time: Monday 3:30-4:30

Start Date and End Date: 09/25-12/04

Cost: \$270.00

Instructor: VAC Enrichment

Cooking With Jr Chef Stars

Looking for a hands on, tasty activity for your Jr. Chef? Join us as we provide junior chefs with the tools necessary to create, cook, and learn. Have your junior chef expand on their cooking knowledge as our curriculum covers nutrition, seasonal cooking, knife skills, the purpose of core ingredients and the many cultural aspects of food all while having a blast and making new friends. Every season has new and exciting recipes so feel free to sign up if this is your first time or a seasoned junior chef!

Grades:KG-2G

Day Offered & Time: Wednesday 3:30-4:30

Start Date and End Date: 09/20-11/29

Cost: \$390.00

Instructor: Jr Chef Stars
