Fall 2023

A Place to Grow:

Where learning continues beyond the school day

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

Extended Day

Our Extended Day program allows busy working families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

Program Details:

- Hours: 3:30pm – 6:00 pm
- Dedicated and specially trained staff members with experience in working with older children.

Clubs & Enrichment

Our Clubs and Enrichment Programs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained staff members in specialty area.
- Trusted Third Party providers in subject specific areas!

Extended Day

Extended Day

Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

Clubs & Enrichment

Intro to Public Speaking

Find your voice, build confidence, and have tons of fun! This introductory public speaking program helps students grades 1-3 practice the fundamentals that every child needs in order to communicate effectively — whether on the playground, in a classroom, or on the stage. Posture, articulation, expressiveness, and conversation are just some of the skills students practice through fun games, interactive exercises, and creative projects.

Grades: 1G - 3G
Days Offered: Monday, 9/26-5/20
Time: 3:45-4:30 PM
Cost: \$995.00
Instructor: Rose Debate

Speech & Debate

Today, public speaking has never been a more important skill. Our fun and engaging Speech and Debate Club will give participants the tools to speak confidently in any setting. The club is organized by Rose Institute, which since 2011 has specialized in connecting speakers with their audiences. Complete with tailored lessons, exercises, games, speeches, in class presentations, and inter-school competitions, our programs are an absolute blast. Strengthen your confidence, find your voice, and prepare for success!

Grades: 4G-5G
Day Offered: Wednesday, 9/27-5/29
Time: 3:30-4:45 PM
Cost: \$1,250.00
Instructor: Rose Debate

Woodwinds Club

A Woodwind club to transition from Recorder to Flute, Clarinet and Sax. Will include the use of the innovative Nuvo instruments such as Toot, Dood, Clarineo and JSax. Previous experience with the Recorder is not required. This is an innovative music educational program that combines group lessons with orchestral experience, created by Samuel Boruszko (Mr. Sam) - a former orchestra conductor. Students learn to play instruments with peers, besides getting personal attention from the teacher. Tuition includes usage of instruments and materials - Toots, Doods and JSax are provided with no additional charge! (Consent forms must be signed before taking our instruments home.) Each group has limited space, sign up today!

Grades: 1G-5G

Day Offered: Tuesday, 9/19-11/28

Time: 4:30-5:15 PM

Cost: \$430.00

Instructor: Community Synergy Inc.

Bow to Strings

This is an innovative music educational program that combines small group lessons with orchestra experience, created by Samuel Boruszko (Mr. Sam) - a former conductor and founding member of the renowned Simón Bolívar Symphony Orchestra, as well as a professional violin and viola player. Our program was inspired by Mr. Sam's many years of orchestral experience. He noticed students and even professional musicians improved faster while playing with other musicians. Playing and learning instruments in a group environment is not only fun, it effectively enhances skills like sight-reading, ear training, sense of musical timing and tempo etc. Students learn to play instruments with peers, besides getting personal attention from the teacher. Tuition includes instruments and materials - violins are provided with no additional charge! (Consent forms must be signed before taking our violins home.) Each group has limited space, sign up today!

Grades: 1G-5G

Day Offered: Tuesday, 9/19-11/28

Time: 3:30-4:15 PM

Cost: \$430.00

Instructor: Community Synergy Inc

Orchestra (Basic)

This is a music educational program that prepare the students to join a Symphonic Orchestra, String Orchestra, Band or any other musical group. It was created by Samuel Boruszko (Mr. Sam) - a former conductor. One of the most difficult musical experiences is to play with other players, different parts of the same piece of music. Our program challenges the students to overcome this problem and get ready to join a Youth Orchestra, Chamber Orchestra, etc. Playing instruments in a group environment is not only fun, but also it effectively enhances skills like sight-reading, ear training, sense of musical timing etc. Students learn to play instruments with peers, besides getting personal attention from the teacher.

Who can join?

Students with different musical experiences, from basic to advanced, also students from Bow2Strings Violin Club and Woodwinds Club, are welcome to join in with the following instruments:

Violin, Viola, Cello, Flute, Clarinet, Sax. No percussion at this time.

Each group, Basic and Advanced, has limited space, sign up today!

Grades: 1G-5G

Day Offered: Thursday, 9/21-11/30

Time: 3:30-4:15 PM

Cost: : \$430.00

Instructor: Community Synergy Inc

Cost: \$250.00

Instructor: Kassirer Entertainment

Technology & Engineering

AI for Kids

Do you have a kid who is creative or interested in technology? Have you ever wanted to know about/know how to use AI? Well, you're in luck, because this is the class for you! We're now in a world where even very young students can use free-online AI tools to generate essays, stories, and even music, television or games. In this new world, kids can cultivate their own creativity at young ages by doing projects like creating AI symphonies, working with partners and AI to create animated books, and generating AI animations. Along the way, they'll gain access to a suite of tools that can help with homework in the future, build familiarity with the new AI world we're moving into, and — importantly — understand when and when not to use this powerful new tool.

Grades: 2G-4G

Day Offered: Tuesday, 9/26-12/5

Time: 3:45-4:45 PM

Cost: \$270.00

Instructor: VAC Enrichment

Game Design

Ever wanted to build your own games or apps? Love Roblox or Minecraft? Well, this is the class for you! In this course, students will learn the skills of a coder through conceiving, designing, and creating their own mobile app games. The resulting games can be shared online and texted to friends for them to play on their phones. It's a great way to combine learning with fun with becoming a game developer. You don't need any previous experience or special software to take this: all you need is your creativity and a laptop.

Grades: TK-2G

Day Offered: Thursday, 9/28-12/7

Time: 3:45-4:45 PM

Cost: \$270.00

Instructor: VAC Enrichment

Build Your Own App

Have you ever wanted to make your own websites and apps? In this hands-on coding and tech club, you'll learn the skills of a coder and the mindset of an entrepreneur through building apps - your own app and also an app for local nonprofits. You'll build apps and games every week in the course and work on real web apps. Previous students have been covered in multiple local news outlets for apps they've built for homeless shelters, veterinarians, and local climate nonprofits!

Grades: 3G-5G

Day Offered: Friday, 9/29-12/22

Time: 3:45-4:45 PM

Cost: \$270

Instructor: VAC Enrichment
