Fall 2023

A Place to Grow:

Where learning continues beyond the school day

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

Extended Day

Our Extended Day program allows busy working families the flexibility to pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

Program Details:

- Hours: 3:15 pm – 6:00 pm
- Specially trained staff members with experience in working with elementary children.
- Dedicated homework time to get the students start on the daily homework under the extended teachers guidance
- Daily fun and engaging activities such as arts/craft; STEAM; and game time
- Outside recess time

Clubs & Enrichment

Our Clubs and Enrichment Programs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained vendors in specialty area.
- Special Programs such as cooking club, chess, tennis, soccer, and basketball.
- 8 weeks & 10 weeks club options available

Extended Day

Extended Day

Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

Clubs & Enrichment

Academics

Yes for Chess

The Yes For Chess class teaches creative problem-solving, builds confidence, and captures an appreciation of the game. Each week our instructor leads an interactive lesson, and students play 1-2 fun chess games against their classmates.

To get the most out of this class, it is recommended students know the movement of the pieces.

3:30 pm to 4:30 pm

Cost: \$290.00

Vendor: Mad Science of the Bay Area

■

World Languages Year-Long Clubs

Mandarin CFL

A fun and interactive class format lets your child learn Chinese in a pleasant and engaging atmosphere. The goal of this course is to enable students to acquire basic listening, speaking, reading, and writing skills in Mandarin Chinese through interactive conversations, Chinese games, songs, stories, crafts, and other meaningful activities.

Chinese Culture learning will also be an important part of the curriculum, providing a great learning experience for students!

3:30 pm to 4:30 pm

Cost: \$825.00

Vendor: US Hindi

Mandarin Heritage

We are pleased to offer this Heritage class for students who are already fluent in speaking Chinese. The emphasis of the class was placed on reading and writing to give students a more balanced understanding of the Chinese language. Students will also explore understanding Chinese culture and traditions more and be introduced to Chinese traditional poems and idioms. This course will strengthen students' Chinese building blocks of Chinese characters, grammar, and sentence structures. The first year of this course will lay a solid foundation for their further study of Chinese language and culture. Students in the heritage class will explore a fun and engaging way of learning Chinese while also helping them connect with their families in a way that honors tradition and heritage.

Grades: KG to 5G

Number of Weeks: 28 Weeks (Mon & Wed)

Weeks offered & Time: 9/18/2023 to 5/22/2024

3:30 pm to 5:00 pm
