# A Place to Grow:

*Where learning continues beyond the school day*

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

## Extended Day

Our Extended Day program allows busy working families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

### Program Details:

- Hours: 2:45pm – 6:00 pm
- Dedicated and specially trained staff members with experience in working with older children.

## After School Clubs

Our After School Clubs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

### Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained staff members in specialty area.
- Trusted Third Party providers in subject specific areas!

**Extended Day**

# Extended Day

*Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.*

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

# Clubs & Enrichment

## World Explorers Club

Students will explore different countries and discover their foods, unique cultures, flags, and traditional dress. Lots of excitement as we “travel” from country to country creating a passport and a scrapbook to record our adventures. This club promises to be a “First Class” experience! Bon Voyage!

## Young Rembrandts - Cartoon Drawing

Young Rembrandts is a follow-along drawing program that complements and expands on existing school art programs, preparing students for goals set forth by the National Standard of Art Education. A fun, educational and engaging experience for children, we teach using a sequential, ordered process that teaches art using a methodology specifically designed to improve student perception, visualization, and organizational skills. Each week, students will draw and color a brand new picture. At the end of class, we mount each student's drawing on a construction paper background so they can then take it home to show their family and display their art.

**Grades: KG - 5G**

**Days & Time: Wednesday, 3:15-4:15**

**Weeks: 9/10/2025- 12/3/2025**
