Fall 2025

A Place to Grow:

Where learning continues beyond the school day

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

Extended Day

Our Extended Day program allows busy working families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

Program Details:

- Hours: 3:30pm – 6:00 pm
- Dedicated and specially trained staff members with experience in working with older children.

After School Clubs

Our After School Clubs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained staff members in specialty area.
- Trusted Third Party providers in subject specific areas!

Extended Day

Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

Tech and Engineering

Lego Robotics

In this program students will explore various engineering concepts and will also learn to work in a collaborative and team environment. Using the third generation LEGO Spike Prime kit for older students, and the LEGO SPIKE Essential for the younger students, they will learn to build and program the robot to carry out various tasks and challenges..

Grades: 3, 4, 5

Day Offered & Time: Mondays 3:30 – 4:30 p.m.

Session 1: Sept. 9 – Dec. 2

Cost: \$ 360

Instructor: Mr. Rosenberg

Arts

Lil Beats Hip Hop

Hip hop is one of the most popular dance forms today and is continuing to grow in popularity. Learn the fundamentals of this creative dance style on trending and upbeat songs. This class not only is fun and exciting but will also help develop hand eye coordination and motor skills.

Grades: TK, K, 1, 2

Day Offered & Time: Fridays 3:45 – 4:30 p.m.

Session 1: Sept. 12 – Dec. 12

Cost: \$280

Instructor: Starz Dance Academy

Lil' Kickers Enrichment Program

The Lil' Kickers After-School Enrichment Program is designed to ignite curiosity, promote physical activity, and develop essential motor and social skills through play-based learning. Each session features structured activities focused on both soccer and basketball, giving students the opportunity to explore two exciting sports while building confidence, teamwork, and coordination in a supportive environment.

Grades: TK – 5th Grade

Day Offered & Time: Thursdays 3:30 – 4:30 p.m.

Cost: \$312

Session 1: Sept. 11 – Dec. 4

Instructor: The Plex

Preschool / Pre-K Clubs

Bringing Books to Life

Too much screen time? We are offering an engaging and fun 30-minute session, which will include the teacher reading a book or two, collaborative craft, individual craft, and ending the session with a felt story.

Grades: PS / PK

Day Offered & Time: Mondays 4:00 – 4:45 p.m.
