Fall 2025

A Place to Grow:

Where learning continues beyond the school day

Our Before & After School Programs offer students enriching opportunities for discovery and exploration before and after the normal school day hours. These programs provide numerous options for fun while also reinforcing the essential lessons and values taught throughout the school day.

Extended Day

Our Extended Day program allows busy working families the flexibility to drop-off before the school day starts and pick-up after the normal dismissal time. Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills, and to reinforce the skills they're learning during the school day, while providing plenty of time for fun with friends.

Program Details:

- Hours: 3:30pm – 6:00 pm
- Dedicated and specially trained staff members with experience in working with older children.

Clubs & Enrichment

Our Clubs and Enrichment Programs are great ways for your child to expand on their interests or pursue new passions. These can be added in conjunction with our Extended Day Program or independently. This program offers families an opportunity to enroll their student in one or more days of after school activities without leaving the convenience of our campus.

Program Details:

- Hours: Varies by Club & Enrichment
- Dedicated and specially trained staff members in specialty area.
- Trusted Third Party providers in subject specific areas!

Extended Day

Extended Day

Our program is organized into five subject areas that are designed to provide your child with opportunities to learn valuable life skills and to reinforce the skills they're learning during the school day.

Students explore the exciting world of science, technology, engineering, art and math (STEAM) through building projects, experiments, and design challenges. Sharing ideas, asking questions, and making predictions are encouraged!

Robust outdoor free play and structured games help students learn sportsmanship and develop their physical strength and endurance. Students learn critical thinking and problem solving by participating in board games and team challenges with their peers.

Students express themselves by participating in hands-on visual arts, including photography, videography, drawing, and painting. Students develop planning skills by working on long-term projects with their peers and can participate in group performances or discussions.

Social and emotional growth is nurtured through student and teacher led activities that promote a feeling of community and belonging. Students learn through open-ended activities that give them a chance to apply problem-solving skills and collaborate with friends.

Some students appreciate the chance for independent activities or study after a long day at school. We provide a quiet place to work on homework, read, journal, or seek academic support from peers and teachers. Students can also work on various projects in this small group setting.

Clubs & Enrichment

Yes for Chess KG

Yes For Chess has been teaching chess since 2008! The Kinder Chess Class has a special curriculum tailored just for Kindergarteners. With many fun chess puzzles and clear learning goals, they will learn how to play chess step-by-step and make new friends.

Math Olympiads 4G-5G

Club members will explore problem-solving strategies in depth, and will practice for contests using word problems from various sources. This course is designed to stimulate enthusiasm and a love for mathematics. We will introduce important mathematical concepts, teach major strategies for problem solving, and strengthen mathematical intuition. Fostering mathematical creativity and ingenuity, will provide satisfaction, joy, and the thrill of meeting challenges.

Grades: 4G-5G

Weeks Offered: Tuesday, 10/28/25-03/17/26

Time: 3:30 PM-4:30 PM

Cost: \$600.00

Instructor: Mr. Merchant & Mrs. Patil

Intro to Public Speaking 2G-3G

This introductory public speaking program helps students practice the fundamentals that every child needs in order to communicate effectively — whether on the playground, in a classroom, or on the stage. Some of the skills we practice:

Posture, Speaking clearly and with expressiveness, Making conversation.

The program rotates to a new focus roughly every 10 weeks. Each 10-week term features a mini-presentation halfway through the term and ends with a creative project and presentation. The program requires some basic reading/writing skills, although for younger students we focus on in-class activities rather than handouts or written assignments.

Grades: 2G-3G

Weeks Offered: Monday, 9/8/25-5/18/26

Time: 3:30 PM-4:30 PM

Cost: \$1,100.00

Instructor: Rose Debate

Speech and Debate 4G-5G

Today, public speaking has never been a more important skill. Our fun and engaging Speech and Debate Club will give participants the tools to speak confidently in any setting. The club is organized by Rose Institute, which since 2011 has specialized in connecting speakers with their audiences. Complete with tailored lessons, exercises, games, speeches, in class presentations, and inter-school competitions, our programs are an absolute blast. Strengthen your confidence, find your voice, and prepare for success!

Our Speech and Debate Club includes:

Fundamentals of public speaking such as posture, articulation, and vocal expression.

Speech-writing workshops for crafting strong theses and using precise rhetoric.

Confidence-building exercises for everyday situations such as making conversation.

Fundamentals of debate for learning how to construct, deliver, and respond to an argument.

Grades: 4G-5G

Weeks Offered: Wednesday, 9/10/25-03/31/26

Time: 3:30 PM-4:30 PM

Cost: \$1,250.00

Instructor: Rose Debate

Arts

Cost:\$360.00

Instructor: Mr. Kawaye

Bow to Strings 1G-5G

This is an innovative music educational program that combines small group lessons with orchestra experience, created by Samuel Boruszko (Mr. Sam) - a former conductor and founding member of the renowned Simón Bolívar Symphony Orchestra, as well as a professional violin and viola player. Our program was inspired by Mr. Sam's many years of orchestral experience. He noticed students and even professional musicians improved faster while playing with other musicians. Playing and learning instruments in a group environment is not only fun, it effectively enhances skills like sight-reading, ear training, sense of musical timing and tempo etc. Students learn to play instruments with peers, besides getting personal attention from the teacher. Tuition includes instruments and materials - violins are provided with no additional charge! (Consent forms must be signed before taking our violins home.) Each group has limited space, sign up today!

Grades: 1G-5G

Weeks Offered: Tuesday, 9/09/25-12/9/25

Time: 3:30 PM-4:30 PM

Cost: \$564.00

Instructor: Community Synergy Inc

Orchestra 1G-5G

This is a music educational program that prepares the students to join a Symphonic Orchestra, String Orchestra, Band or any other musical group. It was created by Samuel Boruszko (Mr. Sam) - a former orchestra conductor. He found that one of the most difficult musical experiences is to play different parts of the same piece of music with other players. Our program is to challenge students to overcome this problem and get ready to join a Youth Orchestra, Chamber Orchestra, etc. Playing instruments in a group environment is not only fun, but also it effectively enhances skills like sight-reading, ear training, sense of musical timing etc. Who can join? Violin, Viola, Cello, Flute, Clarinet, and Sax players. (Piano, guitar or percussion are NOT accepted at this time) All of the students need to bring their own instruments. Each group has limited space, sign up today!

Grades: 1G-5G

Weeks Offered: Thursday, 9/11/25-12/4/25

Time: 3:30 PM-4:30 PM

Cost: : \$564.00

Instructor: Community Synergy Inc

Bollywood Dance TK-2G

Get ready to twirl, bounce, and sparkle in this exciting Bollywood dance class. Young dancers will explore fun routines set to upbeat Bollywood music while learning the basics of rhythm, movement, and expression. Each class helps build coordination, confidence, and creativity in a supportive and energetic environment. Perfect for little ones who love to move and have fun.

Grades: TK-2G

Instructor: Genius Star

Game Design 3G-5G

Have you ever dreamed of creating a video game? In this course, we'll dive into game development. Students will learn the fundamentals of game design, starting with HTML programming. During the course, we will use AI technology for storytelling and image creation, infusing unlimited options into game creation. We'll also work on enhancing writing skills by coding trivia challenges and immersive choose-your-own-adventure games. Learners will have the opportunity to collaborate on a group game. Together, you'll practice the techniques learned throughout the course to craft a game that can be shared with friends and family. You don't need any previous experience or special software; you'll only need your creativity and a laptop!

Grades: 3G-5G

Weeks Offered: Thursday, 9/11/25-12/4/25

Time: 3:30 PM-4:30 PM

Cost: \$324.00

Instructor: VAC Enrichment

Eco Rangers 3G-5G

Led by Mrs. Kale, the Eco Rangers Club empowers students to become sustainability champions on campus. Through hands on activities, students will focus on waste management with special emphasis on paper - tracking how much is used, analyzing data and understanding its environmental impact. Club members will explore creative ways to reuse, repurpose and recycle paper, design awareness campaigns, and practice real world problem solving. This is a great opportunity for students to combine science, creativity, and leadership while making a visible difference at school

Grades: 3G-5G

Weeks Offered: Monday, 9/08/25-12/1/25

Time: 3:30 PM-4:30 PM

Cost: \$348.00

Instructor: Mrs. Kale
