

Preschool Enrichment at Stratford School Parkside

Growing Passionate Minds from the Start!

Even our youngest learners can explore new interests with ease through our range of preschool extracurricular activities. Eliminate scheduling complexities as our program seamlessly weaves enriching experiences into your preschooler's day at the comfort of our campus.

Music Together

Students explore rhythm and melody by playing with music from around the world with a focus on the Orff-Schulwerk methodology. Orff-trained teachers lead dynamic classroom activities designed especially for children ages 3-5. As they drum, sing, move to different rhythms, and play music-centered games, children naturally build musicality that helps them prepare for formal music lessons. The focus of our classes is on keeping an accurate beat, singing in key, and managing social situations (taking turns, listening to others). Opportunities to solo, work in ensembles, and improvise support social and listening skills, self-expression, and self-confidence. Besides our emphasis on fun, our program is an excellent preparation for ANY other instrument lessons!
